About Us

Rapid investment in e-rickshaws is a sign of growth in India. The increasing of use petrol/diesel based commercial transports is severely disrupting quality of our mother earth. Knowing it well, our company, Nar International, is providing cheaper alternatives to petrol/diesel commercial transports. We are working extensively hard as a manufacturer and supplier by bringing forth battery operated commercial transports. Our company has been contributing in bringing high drop in deterioration of air quality by getting more and more intended customers adopt non-polluting commercial transports for their individual purposes. We are providing quality-marked assortment of Passenger E-Rickshaws, Electric Rickshaw Loaders, E Rickshaw Container Loaders and related others. Beside this, our company also provides Disinfection Tunnels, Iron Nails and many items. Our company manufactures products in sync with defined standards of the arena.

Our earth-friendly commercial vehicles are provided to clients as per their demand. They are manufactured by our hired manufacturing team with the help of advanced technology. We render a plethora of options in the electric vehicle industry. Our manufacturing company offers incredible range of battery operated transports and more in major cities of India and abroad at the best price.
